

Shay Shaibi UX/UI Designer

Work Experience

UX/UI Projects / Create School

Portfolio coursework

- Completed two end-to-end product design case studies, moving from research, market & competitor analysis and user needs to problem definition, user flows, low-fi wireframes, design systems, high-fi UI, interactive prototypes, usability testing and iteration.
- Worked in repeated research-design-test cycles, using accessibility checks and task-based usability tests to refine flows and interface decisions.

Independent Visual Designer

2020 - Present

- Delivered 10+ independent design projects spanning logos, visual identities, brand language and print assets, translating project needs into clear and consistent visual systems.
- Designed a complete memorial visual package, including flags, stickers and apparel.
- Created AI-generated imagery and AI-assisted video content for separate independent creative projects using Midjourney, ChatGPT, Runway and CapCut.

Private Art & Design Tutor / Project Mentor

2020 - Present

- Mentored students through art and design projects and final submissions, from concept development and research to execution and presentation.
- Provided ongoing critique and structured feedback, helping students strengthen visual reasoning, problem-solving and independent creative processes.

Training Development & Instruction NCO (Mashakit Tzafa) / IDF

2018 - 2020

Developed, managed and delivered training programs for commanders and officers in the Border Defense Corps, collaborated with multiple stakeholders, and led instructional sessions for groups of up to 150 soldiers.

Education

Product Design / Create School

200 instructor-led hours + 250+ individual work hours, personally taught by Lior Yair. Focused on product characterization using best-practice methodologies, from research through testing and product optimization, with recurring project feedback and current tools/practices.

2025 - 2026

Bachelor's Degree in Visual Communication & Education / University of Haifa

(formerly WIZO Haifa)

2020 - 2025
